

Atlantic Healthcare Training

July—November 2017 Workshops

Save the Dates!

Atlantic Healthcare Training offers industry recognised courses & workshops for registered allied health professionals and assistants. A series of workshops has been lined up between the months of July to November 2017 to help healthcare staff stay updated with the skills essential to provide quality care to care recipients.

More details of the workshops will be made available through email.

To register your interest in any of these workshops, or join our training mailing list, please forward your contact details to:
